CALLUSPEELING®
Let your feet fly

PROFESSIONAL FOOT BEAUTY TREATMENT.

AMAZING RESULTS IMMEDIATELY.

WITHOUT THE USE OF BLADES OR DRILLS, CALLUSPEELING® COMPLETELY REMOVES CRACKED HARD AND CALLOUSED SKIN SIMPLY AND RAPIDLY.

HEALTHY AND BEAUTIFUL FEET AFTER JUST 15 MINUTES!

Calluspeeling® is a delicate and pleasant treatment, which gives a new shine and an extraordinary softness to the feet.

It's easy to perform as it does not require particular knowledge. It is simple to follow the instructions for immediate results the first time.

The absence of blades avoids any danger of bleeding, meaning the treatment can be performed by trainee or less experienced therapists.

Calluspeeling® treatment can be performed:

- During normal pedicure instead of blades, cutters or drills. The time saved is significant: while patches are on the feet, nails can be filed and cuticles treated. When compared with traditional methods results are significantly better in a reduced timeframe.
- During a facial or body treatment while waiting for masks to work or during a body wrap treatment.
